Unplug the TV from the power outlet, then press and hold the Power button on the TV for about 30 seconds, then release the button.. In the case of Michael's TV, he can't use any of the Internet features without that specific remote.. The on and off feature as well as the sound feature on the Direct TV remote DOES function.. Lg Smart Tv Remote Control Not Working Tv As WellI have reset/disconnected the tv as well as the Direct TV box AND I have installed fresh batteries to the Direct TV remote.. I have tried the remote on another to and it works perfectly Again if this test doesn't function properly it points to an IR problem.. When you press the remote to Channel or volume it automatically goes to the highest volume, and the channel just goes up continually without stopping. e10c415e6f
